Latest Major Action: Bill referred to House Subcommittee on Higher Education, Lifelong Learning, and Competitiveness

What We Hope Will

Happen:

- Introduction of Bill
- Referred to committee
- Reported by committee
- House Vote
- Senate Vote
- Signed by President

“Excellence and Innovation in Language Learning Act”

This bill will improve foreign language instruction as an addition to the established “Elementary and Secondary School Act”, a bill that is usually reauthorized every five years. This bill will be open for adjustments and reauthorization in 2011.

The Council on Economic Development estimates American businesses lose \$2 billion each year because of lost opportunities, as a result of their employees lack of cross-cultural skills.

Starting language learning in elementary/secondary schools will better prepare our students for the workforce.
